Frankfort, Ky. 40602

Reference: Case No. 96-225

I am writing in response to the enclosed letter dated May 30, 1996. We need more information about the proposed project before we can make any comments, either positive or negative. Information we would like to have, at least for starters is:

- The exact location (not just 4806 Bardstown Rd.) of the monopole and equipment shelter.
- What will the equipment shelter and monopole look like?
- What is the timing for construction?
- Would this structure have an impact on our insurance rates?

Our Board of Directors will hold their next meeting at 7:00 p.m. on Thursday, June 27. We would like to have a member(s) of the Public Service Commission and/or Gearon & Co., Inc. meet with us for a short time to provide more details and answer questions. If that time and date are not satisfactory, I would be happy to arrange a meeting at your convenience, preferably before our June 27 meeting. Please let us know either by writing or phoning if you can make that meeting or prefer another time. I can be reached by phone at 502-426-3514 or you may call the club at 502-499-1261 and speak to Robyn Parr, our office manager. If Robyn is not there, leave a message with our office staff who can contact me.

We appreciate your letter and look forward to hearing from you.

Sincerely,

Howard L. Ramsay

Re: Public Notice - Public Service Commission of Kentucky,
Case No. 96-225

Dear Sir or Madam:

WirelessCo., L.P., doing business in Kentucky as Sprint Spectrum, has applied to the Public Service Commission (the "Commission") of Kentucky for a Certificate of Public Convenience and Necessity to construct and operate a new Public Communications Services ("PCS") facility to provide personal wireless telephone and data services. Over fifty percent of Sprint Spectrum's proposed new facilities will be located on existing structures (ie., rooftops and water tanks). Unfortunately, no such appropriate and available structure exists in this area. Therefore, the proposed new facility will include a monopole, with attached antennas extending upward for a total height of 115', and an equipment shelter to be located at 4806 Bardstown Road, Louisville, Kentucky. A map showing the location of the proposed new PCS facility is enclosed. This notice is being sent to you because you own property or reside within a 500' radius of the proposed monopole.

The Commission invites your comments regarding the proposed construction. You also have the right to intervene in this matter. Your initial communication to the Commission must be received by the Commission within 20 days of the date of this letter as shown above.

Your comments and request for intervention should be addressed to: Executive Director's Office, Public Service Commission of Kentucky, Post Office Box 615, Frankfort, KY 40602. Please refer to Case No. 96-225 in your correspondence.

Yours truly,

Cheryl J. Pence
J.D., M.C.P.
